ICC Oversight

The Illinois Commerce Commission is a quasi-judicial body made up of five Commissioners responsible for regulating several industries, as directed by the Illinois General Assembly. To learn more about the Commission, view the ICC [Organization Chart](#).

Public Utility Services

Through its Bureau of Public Utilities, the Commission oversees the provision of adequate, reliable, efficient and safe utility services at the least possible cost to Illinois citizens served by electric, natural gas, telecommunications, water and sewer public utility companies.

How to Learn More By Reading ICC Documents

-A citizen group, Citizens Against Predatory Pipelines, has officially intervened in the Wolf ICC Case and has submitted many documents outlining safety concerns.

-We recommend reading some of those documents to get ideas for your own comments.

-For example, how will Fire Departments and Ambulance Districts cover the costs of electric vehicles, how will they pay for training? Does the benefit outweigh the risks communities are being asked to take?

-The next slides will show screenshots of how to find the Wolf ICC Case and read documents.

Steps to Submit a Comment

1. Go to icc.illinois.gov
2. Enter the “e-Docket” Number, 23-0475

How to File Your Comment

The next slide shows a screenshot of the public comment section.

- You will click on the “File a Comment” box

- Recommendation: read through existing comments for ideas, if you wish.

- Recommendation: you can make as many comments as you see fit. It is totally up to you if you want to write long comments covering multiple topics, or, submit multiple comments perhaps each covering one topic.

Please do not allow Wolf Carbon to construct a pipeline through our village. This is our home. We adamantly do not want this. Thank you for your time.
