

**STATE OF IOWA
BEFORE THE IOWA UTILITIES COMMISSION**

IN RE:	:	DOCKET NO. HLP-2022-0002
	:	
WOLF CARBON SOLUTIONS US, LLC	:	WITHDRAWAL OF PETITION FOR HAZARDOUS LIQUID PIPELINE
	:	
	:	

COMES NOW, Wolf Carbon Solutions US, LLC ("Wolf"), and hereby withdraws the Petition for Hazardous Liquid Pipeline Permit filed with the Commission on February 23, 2023. In connection with this withdrawal, Wolf states as follows:

1. The Petition for Hazardous Liquid Pipeline was filed herein, proposing to construct 95 miles of 12 to 20 inch diameter pipeline for the transportation of carbon dioxide across portions of Linn, Cedar, Clinton, and Scott Counties in Iowa (the "Project").
2. In order for the Project to be completed, regulatory approval is required from both the Iowa Utilities Commission and the Illinois Commerce Commission.
3. While Wolf has continued to build relationships with landowners and stakeholders interested in the Project, a number of factors have continued to delay Wolf's ability to proceed with the Project and Wolf has decided to cease pursuit of the required regulatory approvals at this time, as Wolf does not deem it to be an efficient utilization of resources for the Commission staff to continue processing the Petition without any certainty around Wolf's timing for proceeding on the Project.
4. Wolf will make a determination concerning any required new filing with the Commission once more certainty exists concerning its plans to proceed with the Project.

5. Wolf appreciates the time and effort devoted to this Project by the Commission and its staff and looks forward to continuing to work with the Commission if and when the Project efforts resume.

Respectfully submitted

SULLIVAN & WARD, P.C.
